**\*All courses will meet at the scheduled exam time to conduct final testing or to accomplish some other meaningful educational activity.** The exam time counts toward the total instructional time for each course, and as such is required as part of course instruction. Any exceptions, such as for courses with excess of contact time or final performances scheduled at alternate times, must be approved by the appropriate Division Chair.

**\*No student will be required to take 3 exams on the same day.** It is the student's responsibility to speak with the instructors involved and to request moving one of the exams to a time convenient for both the student and the instructor. Such alternate arrangements should be finalized no later than Monday, April 28. No approval other than that of the instructor is necessary for alternate exam times arising from a student having had 3 exams scheduled on the same day.

**\*Students cannot use convenience of travel arrangements as justification for requesting exam time changes. Exceptions for students seeking alternative exam arrangements because of an excuse other than convenience of travel must be approved by the Associate Vice President for Academic Affairs.**

\*Classes that meet more than three hours per week or do not fit into the regular class block schedule should use the earliest appropriate exam period.
