

This formulary is the list of drugs included in your prescription plan. Inclusion on the list does not guarantee coverage. The following list is not a complete list of over-the-counter [OTC] products and prescription medical supplies that are on the formulary. The only OTC products and prescription medical supplies that appear on the list are in contracted classes.

PLEASE NOTE: Brand-name drugs may move to nonformulary status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription plans; check your benefit materials for the specific drugs covered and the copayments for your prescription plan. For specific questions about your coverage, please call the phone number printed on your member ID card.

KEY

CAPITAL letters - Brand-name drugs | **lower case letters** - Generic drugs | **[INJ]** - Injectable Drug | **[OTC]** - Over-the-counter Product

A

- abacavir
- abacavir/lamivudine
- abiraterone acetate
- ABRYSVO [INJ]
- acamprosate dr
- acarbose
- ACCU-CHEK FASTCLIX LANCETS [OTC]
- ACCU-CHEK SOFTCLIX LANCETS [OTC]
- accutane

Standard Noncovered drugs strategies	Rationale
Institutional packs	These medications are no longer covered through your drug benefit because it is packaged for use or redistribution by an institution (e.g. hospital). Institutional packs are not intended for use or sale outside of an institution. Please talk to your doctor or pharmacist about a version of your medication that is packaged for use outside of an institution.
Non-FDA approved medications	These medications are no longer covered under your drug benefit because they are not approved as a drug by the Food and Drug Administration (FDA). Medications marketed without required FDA approval may not meet standards for safety, effectiveness and quality. Please talk to your doctor or pharmacist about FDA-approved medications available for your condition.
Repackaged medications	Repackaged products are not covered. Please talk to your pharmacist about a version of your medication that is not repackaged.
